This Memorandum of Agreement (MOA) between the University of Chihuahua and Iowa State University provides for a collaborative program of research, training, curriculum, institutional development, information dissemination, and exchange of faculty, students and staff. The MOA will continue for a period of five (5) years and may be extended for additional five-year periods by mutual agreement. It may be terminated by either university upon one-year written notification to the other institution.

The following activities are appropriate for collaborative efforts; other academic activities may be added when developed and approved by the two institutions.

Prior to finalizing individual visits, representatives at both universities shall secure approvals from their respective department heads, deans, and university administrative officers.

Students may be admitted to academic programs with the term(s) of attendance, academic eligibility and course of study determined individually for each student by the two institutions.

For conditions of the affiliation not covered by this memorandum of agreement or for problems which arise while the exchange agreement is in effect, both parties agree to refrain from unilateral action and to consult and negotiate mutually agreeable decisions.
