NOTICE OF FUNDING OPPORTUNITY
Cochran Fellowship Program – U.S. Dry Beans Processing, Promotion, and Marketing for Costa Rica, Guatemala, El Salvador, and Honduras

Deadline: January 18, 2023

A. Program Description

The Cochran Fellowship Program’s Latin America and Caribbean Region is requesting the design and delivery of a training program for a cohort of up to seven Fellows from Costa Rica and seven Fellows from Guatemala, El Salvador, and Honduras for a total of 14 Fellows.

BACKGROUND
Since 1984, the U.S. Congress has made funds available to the Cochran Fellowship Program for training agriculturalists from middle-income countries, emerging markets, and emerging democracies. Training opportunities are for senior and mid-level specialists and administrators working in agricultural trade and policy, agribusiness development, management, animal, plant, and food sciences, extension services, agricultural marketing, and many other areas. Individuals selected for Cochran trainings come from both the public and private sectors. All training occurs in the United States. Training programs are designed and organized in conjunction with U.S. universities, USDA and other government agencies, agribusinesses, and consultants. The Cochran Fellowship Program is part of the United States Department of Agriculture's Foreign Agricultural Service. Since its start in 1984, the Cochran Fellowship Program has provided U.S.-based training for over 19,000 international participants from 126 countries worldwide.

SCOPE
The program should provide participants with a thorough understanding of the different varieties and uses of U.S. dry beans. In particular, USDA notes an opportunity to introduce dry bean products as ingredients in processed foods.

The program should provide the Fellows an overview of the U.S. dry bean industry showcasing the quality, nutritional value, and versatility of U.S. dry beans. Topics should provide an overview of U.S. dry beans including variety and quality. The program should expose Fellows to the dry bean supply chain, farming practices and technology, storage, processing, grading, and inspection procedures. Additional topics should include U.S. dry bean market trends and practices, use of dry beans, and ingredients for processed products. The training program should include visits to farms, processing facilities, and retailers as well as a meeting with the U.S. Dry Bean Export Council. The program should occur in the Spring in time for Fellows to observe the dry bean planting season. The objective of the program is to educate the Fellows on U.S. dry beans, their varieties, and their uses. The goal of the program is to increase the Fellows’ capacity for understanding applications of agricultural research, extension, and teaching; and to increase trade linkages between Costa Rica, Guatemala, El Salvador, Honduras, and the United States.
LEARNING OBJECTIVES
The recipient will ensure that the Fellows increase their knowledge in the following areas:

- Production and supply chain
- Dry bean varieties
- Quality specifications
- Nutritional value of U.S. dry beans
- Using dry beans as ingredients
- Dry bean consumer products
- Market and retail trends
- New product development

The Federal awarding agency may not make a Federal award to an applicant until the applicant has complied with all applicable unique entity identifier and SAM requirements and, if an applicant has not fully complied with the requirements by the time the Federal awarding agency is ready to make a Federal award, the Federal awarding agency may determine that the applicant is not qualified to receive a Federal award and use that determination as a basis for making a Federal award to another applicant.

Intergovernmental Review
For state and local government entities, including public universities, an intergovernmental review may be required pursuant to Executive Order 12372. Applicants requiring an intergovernmental review must contact their state's Single Point of Contact (SPOC) to find out about and comply with the state's process.
Funding Restrictions
Generally, funds may not be used in any manner that is prohibited by applicable regulations, including 2 CFR Part 200, 2 CFR Part 400, and the program-specific regulations identified in Section A (if any). Awards issued pursuant to this notice of funding opportunity may only be used for the purpose set forth in the award, consistent with the statutory authority for the award. Capital expenses, such as the purchase of equipment, not entirely attributable to this award, must be pro-rated.

For example, agreement funds and other support may not be used for matching contributions for other federal grants or cooperative agreements, lobbying, or intervention in federal regulatory or adjudicatory proceedings. Federal employees are prohibited from acting as an agent of the applicant in any capacity (paid or unpaid) on any proposal submitted under this program. Also, federal funds may not be used to sue the Federal Government or any other government entity.

Compensation for personal services: Employees, consultants, or other personnel, including those of subrecipients, and regardless of the method of engagement, may not exceed the pro-rata equivalent of GS-15 on the General Schedule (for 2021, $143,598 per year, $550 per day, or $68.77 per hour). Non-monetizable fringe benefits, such as health insurance coverage, are not included to this ceiling.

Indirect Costs: In general, costs incurred for a common or joint purpose benefitting more than one cost objective but not readily assignable to specific awards, without effort disproportionate to the results achieved, are considered indirect costs. These may include facilities not specific to individual projects, enterprise-wide services such as IT, and enterprise management. For cost-reimbursable agreements, indirect costs may not exceed 10% of direct costs, as stipulated at 7 USC 3319a.

Pre-Award Costs: Costs incurred prior to the effective date of the Federal award, directly pursuant to the negotiation and in anticipation of the Federal award, and where such costs are necessary for efficient and timely performance of the scope of work, are not allowable.

Other Submission Requirements
Applications should be submitted through the ezFedGrants system at https://grants.fms.usda.gov/

E. Application Review Information

Review and Selection Process
In all cases, the agency will conduct an initial responsiveness review of all applications submitted to determine:

1) the application was submitted on time as specified in this announcement (See Section D. Application and Submission Information);
2) the applicant is eligible (see Section C. Eligibility Information);
3) all the required forms and documents are submitted timely as outlined (See Section D. Application and Submission Information, Content and Form of Application Submission).

If an applicant is determined to be ineligible or an application is determined to be incomplete, the agency will notify the applicant. An applicant that feels such a determination is made in error may request reconsideration, highlighting evidence supporting their claim.

The agency will appoint a review panel, which may include both federal and non-federal reviewers, to review the eligible applications against the evaluation criteria described. The reviewers will ensure that the organization is capable of delivering the programs/activities as described in the announcement based on the applicant’s project narrative and assign a score and provide summary comments based on the evaluation criteria identified above. The review panel will make a recommendation list to the selecting official, who is not a member of the panel.

The selecting official may select applications out of rank order in consideration of strategic program priorities, such as geographical distribution, incorporation of minority-serving institutions, congressional directive, or other documented considerations. These determinations are final and cannot be appealed.

Prior to selection, the agency may contact the highest-ranking applicants to seek clarification and to negotiate technical and programmatic aspects of the application. If an application includes a sub-awardee, FAS may request to speak with all parties included in the application to ensure sufficient planning and coordination has taken place prior to making an award.
